# Self-Liberation of Clinging

Compositely, the term *Dzinpa Rangdröl* may be translated as **Self-Liberation of Clinging**— a path in which fixation or clinging are inherently liberated by themselves into the nature of the mind. It is the core text of Do Khyentse's extensive *terma* (treasure) cycle called the *Yangsang Khandro Tug Tig* (Exceedingly Secret Heart Essence of the Dakini).
